

Local Assistance Plan (LAP)

Diagnostic Self-Review Document
and Report Template

Name of Principal:	David Zimbler
Name/Number of School:	Westbury Middle School
School Address:	455 Rockland Street, Westbury, New York 11590
School Telephone Number:	(516) 876-5082
Principal's Direct Phone Number:	(516) 874-1208
Principal's E-Mail:	dzimbler@westburyschools.org
District Telephone Number:	(516) 876-5001
Superintendent's Direct Phone Number:	(516) 874-1829
Superintendent's E-Mail:	mlagnado@westburyschools.org
Reason for LAP Designation:	3 consecutive years – AYP – ELA State Exam – Special Education Cohort
Website Link for Published Report:	

School Principal's Signature _____ Date _____

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature _____ Date _____

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 22, 2013, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.										
Rating	Statement of Practice 2.2: Leaders ensure an articulated vision, understood and shared across the community, with a shared sense of urgency about achieving school-wide goals aligned with the vision as outlined in the School Comprehensive Educational Plan (SCEP).									
<input type="checkbox"/>	Highly Effective	a) The school community shares and promotes a distinctive and robust vision for student achievement and well-being based on data and holds itself accountable for working as a community to realize this vision as outlined in its SCEP and other school improvement documents. b) The vision is created and enthusiastically supported by staff, families and students such that it is uniformly seen, heard and known across the community. c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect urgent priorities and ensure the realization of the vision.								
X	Effective	a) The school community shares a vision concerning student achievement and well-being and for how they want to work as a community to realize this vision as outlined in the SCEP and other school improvement documents and data. b) The vision is created by a select group of staff and families and is supported by the school community such that it is uniformly seen, heard and known across the community. c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect priorities that are aligned with the vision.								
<input type="checkbox"/>	Developing	a) The school community has a vision for student achievement and well-being and is in the process of developing shared ownership and ways to incorporate findings from the school's data. b) The vision created is gaining more support with the staff, families and students across the community. c) The school community is developing and working toward specific, measurable, ambitious, results oriented and timely goals; these goals are not priorities aligned to the vision.								
<input type="checkbox"/>	Ineffective	a) The school community has a vision, but it is misaligned to student achievement and well-being based on the school's data. b) The vision is unknown, not commonly understood and/or has not been shared with the staff, families and students across the community. c) The school community does not develop and work toward goals, or, if the community is working toward goals, they are not specific, measurable, ambitious, results oriented and timely.

Tenet 3 - Curriculum Development and Support: The school has rigorous and coherent curricula and assessments that are ***appropriately aligned to the Common Core Learning Standards (CCLS) for all students and are modified for identified subgroups in order to maximize teacher instructional practices and student-learning outcomes.	
Rating	Statement of Practice 3.2: The school leader and staff support and facilitate the quality implementation of rigorous and coherent curricula appropriately aligned to the Common Core Learning Standards (CCLS) in Pre K-12.
<input type="checkbox"/>	Highly Effective a) The school leader and staff provide consistent, systematic, and timely individualized and group professional development support to all teachers across grades and subjects to ensure that pertinent decisions are made about the delivery of the curricula. b) The school leader fosters a culture where teachers ensure that the implemented CCLS curricula are dynamic and address what students need to know in order for the school-wide goals to be achieved. c) The school uses cohesive and comprehensive curricula that include clear, descriptive units of studies appropriately aligned to the CCLS and consider what students need to know across all grades to become college and career ready.
<input checked="" type="checkbox"/>	Effective a) The school leader and staff provide consistent and systematic support to all teachers across grades and subjects appropriately aligned to rigorous and coherent CCLS curricula. b) The school leader and teachers work to ensure that the implemented curricula are appropriately aligned to the CCLS. c) The school uses cohesive and comprehensive curricula that include clear, descriptive units of studies appropriately aligned to standards and consider what students need to know across all grades.
<input type="checkbox"/>	Developing a) The school leader and staff provide curriculum support that does not target the expectations set forth in the CCLS. b) The school leader and staff use of curricula focuses on standards that are not CCLS-appropriately aligned. c) The school uses curricula that consider standards and what students need to know.

<input type="checkbox"/>	Ineffective	<p>a) The school leader and staff do not provide curriculum support to teachers.</p> <p>b) The school leader and staff use of curricula are static and are not appropriately aligned to standards.</p> <p>c) The school has plans for teaching students that are not aligned to any standards.</p>

Rating	Statement of Practice 3.4:	
	The school leader and teachers ensure that teacher collaboration within and across grades and subjects exists to enable students to have access to a robust curriculum that incorporates the arts, technology and other enrichment opportunities.	
<input type="checkbox"/>	Highly Effective	<p>a) The school has a culture where all teachers work in partnerships within and across grades and subjects vertically and horizontally on a regular basis targeting student development, what is taught and why it is taught.</p> <p>b) The school leader and teachers ensure that students are exposed to a rich CCLS-appropriately aligned academic curriculum that enables them to develop and demonstrate high cognitive abilities/competency in discovering, creating and communicating information using the arts, technology and other enrichment areas.</p>
X	Effective	<p>a) The school leader and staff create opportunities for all teachers to work in partnerships within and across grades and subjects vertically and horizontally on a regular basis targeting what is taught and why it is taught.</p> <p>b) The school leader and teachers ensure that students are exposed to a standards-based aligned curriculum that enables students to discover, create and communicate information using the arts,</p>

		technology and other enrichment areas.				
<input type="checkbox"/>	Developing	a) The school leader creates opportunities for specific teams of teachers to work horizontally across grades or subjects on a regular basis. b) The school leader has not ensured that students' exposure to the arts and technology is aligned to the implemented academic curriculum, which limits how students fully benefit from using the arts, technology and other enrichment areas.				
<input type="checkbox"/>	Ineffective	a) Formal opportunities for teachers to meet across grades or subjects to plan and discuss strategies do not exist. b) The school leader has not taken measures to ensure that students are exposed to the arts, technology and other enrichment areas.

Rating	Statement of Practice 3.5: The school leader and teachers develop a data-driven culture based on student needs, assessments and analysis, which leads to strategic action-planning that informs instruction and results in greater student achievement outcomes.	
<input type="checkbox"/>	Highly Effective	a) The school leader cultivates exemplary practices and models the collection and use of timely data (formative and summative assessments including screening, interim measures and progress monitoring) to assess school-wide effectiveness, identify student needs, and promote high levels of student learning and success. b) The school leader and teachers actively develop multiple points of assessments for students that immerse school teams in an in-depth analysis of assessment results and lead to the adaptation of instruction that is empirically/evidence based. c) The school leader and teachers collaboratively analyze collected data, leading to the development of comprehensive instructional plans for groups of students that capture current levels of student achievement, map out a clear and timely path for progress and growth, and engage students as active

		participants in their own learning.				
<input type="checkbox"/>	Effective	<p>a) The school leader collects timely data (formative and summative assessments including screening, interim measures and progress monitoring) and shares it with teachers and instructional staff so they can assess school effectiveness, identify student needs, and promote high levels of student learning and success.</p> <p>b) The school leader and teachers use assessment tools to identify patterns of student learning that lead to the adaptation of instruction.</p> <p>c) The school leader and teachers analyze collected data, leading to the development of instructional plans for groups of students that capture current levels of student achievement and map out a clear and timely path for progress and growth.</p>				
X	Developing	<p>a) The school leader reviews limited data and informs teachers and instructional staff of student achievement levels.</p> <p>b) The school leader and teachers use summative assessments to identify patterns of student learning and inform instruction.</p> <p>c) The school leader and teachers' analysis of data leads to an adaptation of instructional plans based on the performance of specific students, which causes a misalignment of instruction for other students.</p>				
<input type="checkbox"/>	Ineffective	<p>a) The school leader does not use data as a mechanism to assess student achievement levels.</p> <p>b) The school leader and teachers do not utilize assessment tools as a vehicle to identify patterns of student learning.</p> <p>c) The school leader and teachers struggle with the use of data, which impedes their ability to inform the development of instructional plans for students.</p>

Rating	Statement of Practice 4.4: Teachers create a safe environment that is responsive to students' varied experiences, tailored to the strengths and needs of all students, and leads to high levels of student engagement and inquiry.						
<input type="checkbox"/>	Highly Effective	a) Teachers and students create environments by which students are citizens of their class and there is a common understanding of how one is treated, treats others and contributes to positive reinforcements of behaviors by using behavioral expectations that are explicitly taught. b) Teachers across the school use strategies that acknowledge diverse groups of students, provide access to learning and social opportunities, and encourage students to have a voice in their educational experience. c) Teachers and students stimulate deep levels of thinking and questioning through the use of instructional materials that contain high levels of text and content complexity.					
X	Effective	a) Teachers create environments by which there is a common understanding and recognition of acceptable and safe behaviors by using behavioral expectations that are explicitly taught. b) Teachers use strategies that are sensitive to diverse groups of students and their needs, which provide access to learning and social opportunities. c) Teachers stimulate student thinking by asking questions that relate to instructional materials that contain high levels of text and content complexity.					
<input type="checkbox"/>	Developing	a) Teachers put forth a plan for acceptable student behaviors that is inconsistently recognized by students. b) Some teachers provide opportunities to acknowledge diverse groups of students. c) Teachers ask questions that relate to generic instructional materials and foster a compliant classroom environment.					
<input type="checkbox"/>	Ineffective	a) Teachers do not have an established set of expectations for student behavior. b) Teachers' strategies are not sensitive to students' needs and limit learning and social opportunities. c) Teachers ask lower-order thinking questions that do not garner student engagement.

Describe the professional development activities planned to support the implementation of the actions in this area.	Classroom Management PBIS – Positive Behavior Interventions and Supports Teacher Assistant Professional Development						

Rating	Statement of Practice 4.5: Teachers use a variety of data sources including screening, interim measures and progress monitoring to inform lesson planning, develop explicit teacher plans and foster student participation in their own learning process.							
<input type="checkbox"/>	Highly Effective	a) Teachers use summative and formative assessments including screening, progress monitoring, interim measures and outcome assessments to develop highly dynamic and responsive plans, based on students' strengths and needs. b) Teachers use a wide variety of relevant data sources to create robust lesson plans that account for student grouping and to determine the appropriate intensity and duration of instruction. c) Teachers provide frequent and relevant feedback to students based on the analysis of timely data, and students draw on the feedback so that they can reflect, adjust and assess their own progress.						
<input type="checkbox"/>	Effective	a) Teachers utilize data sources and analyze the information provided from such sources to inform instructional decision-making, including student grouping and instructional strategies. b) Teachers use targeted plans to adjust student grouping and instructional strategies based on data for most students. c) Teachers provide frequent feedback to students based on the analysis of timely data and provide students with their next steps.						
X	Developing	a) Teachers utilize data sources to inform instructional decision-making. b) Teachers have action plans for adjusting student groupings, but the plans lack specificity and do not provide targeted intervention for students requiring additional support. c) Teachers provide data-based feedback to students.						
<input type="checkbox"/>	Ineffective	a) Teachers do not use assessments to inform instructional decision-making. b) Teachers do not use their action plans for grouping and adjusting their instruction, or they do not have action plans. c) Teachers do not use data to provide feedback to students, which makes the feedback inadequate.

Tenet 5 - Student Social and Emotional Developmental Health: The school community identifies, promotes, and supports social and emotional development by designing systems and experiences that lead to healthy relationships and a safe, respectful environment that is conducive to learning for all constituents.

Rating	Statement of Practice 5.2: The school cultivates the development of overarching systems and partnerships that support and sustain social and emotional developmental health.													
<input type="checkbox"/>	Highly Effective	a) A deliberate system has been established that allows each child to be well known by a designated adult who coordinates social and emotional developmental health needs in a system that positively reinforces academic success for all students. b) There is a strategic and comprehensive system for referral and support for all students that effectively addresses barriers to social and emotional developmental health and academic success. c) The school strategically uses data to identify areas of need and leverages internal or external resources and cultivates partnerships that strongly impact the social and emotional developmental health of students.												
<input checked="" type="checkbox"/>	Effective	a) A system has been established that allows each child to be known by a designated adult who coordinates social and emotional developmental health needs. b) There is a system for referral and support for all students that addresses barriers to social and emotional developmental health and academic needs. c) The school uses data to identify areas of need and cultivates partnerships that impact student social and emotional developmental health.												
<input type="checkbox"/>	Developing	a) The school is developing a system to address the social and emotional developmental health needs of students. b) The school is developing a system of referral and support that addresses the social and emotional developmental health and academic success of students. c) The school use of data identifies surface areas of need connected to the social and emotional developmental health of students.												
<input type="checkbox"/>	Ineffective	a) The school does not have a system to coordinate the social and emotional developmental health needs of students. b) The school does not have a system of referral and support, or the system in place is ineffective. c) The school does not use data to identify student areas of need connected to social and emotional developmental health.

Rating	Statement of Practice 5.3: The school articulates and systematically promotes a vision for social and emotional developmental health that is connected to learning experiences and results in building a safer and healthier environment for families, teachers and students.	
<input type="checkbox"/>	Highly Effective	a) All school constituents can articulate a shared understanding of skills and behaviors that demonstrate social and emotional developmental health and how those behaviors are linked and lead to academic success. b) There is a rigorous and coherent curriculum/program in place that teaches, supports and measures social and emotional developmental health for students that results in all students demonstrating these skills and articulating a sense of belonging and ownership in the school community. c) There is a deliberate professional development plan that builds adult capacity to facilitate learning experiences and to support social and emotional developmental health for all students, resulting in a safe and healthy environment that is conducive to learning across the school community and impacts student academic success.
<input checked="" type="checkbox"/>	Effective	a) All school constituents can articulate the skills and behaviors that demonstrate social and emotional developmental health and lead to academic success. b) There is a curriculum/program in place that teaches, supports and measures social and emotional developmental health for students that results in a significant number of students demonstrating these skills. c) There is professional development in place that builds adult capacity in supporting students' social and emotional developmental health that results in a safe, respectful learning community.
<input type="checkbox"/>	Developing	a) The school is developing an understanding of the skills and behaviors connected to social and emotional developmental health and how those behaviors are linked to academic success. b) The school is developing a curriculum/program to teach, support, and measure social and emotional developmental health for students, or there is a curriculum in place that is not clearly aligned to defined outcomes. c) The school is developing supports to build adult capacity in terms of supporting students' social and emotional developmental health.
<input type="checkbox"/>	Ineffective	a) The school has not identified skills and behaviors connected to social and emotional developmental health. b) The school does not have a curriculum or program in place to support social and emotional developmental health. c) The school does not provide professional development to support staff and faculty in supporting the social and emotional developmental health of students.

Rating	Statement of Practice 5.4: All school constituents are able to articulate how the school community is safe, conducive to learning and fosters a sense of ownership that leads to greater student outcomes.	
<input type="checkbox"/>	Highly Effective	a) Across the school community, students are able to express that they feel safe, supported in their social and emotional developmental health growth, and have a voice in decisions that impact their lives as students (as developmentally appropriate). b) Across the school community, teachers articulate their investment in the school vision and how they have a voice in decisions that impact the school environment and student learning. c) Across the school community, parents are able to express how their children have demonstrated growth as a result of the school’s social and emotional developmental health support and how this support is tied to the school’s vision and students’ needs.
<input checked="" type="checkbox"/>	Effective	a) Across the school community, students express that they feel safe and supported in their social and emotional developmental health growth. b) Across the school community, teachers are able to articulate the school vision and how it is connected to student social and emotional developmental health and the role teachers play in achieving that vision. c) Across the school community, parents are able to express the work the school does that is linked to the social and emotional developmental health of their children and how this support is tied to the school’s vision.
<input type="checkbox"/>	Developing	a) Students express that the school supports their social and emotional developmental health, but they do not consistently feel safe—or students express that they feel safe but are unaware of where to turn for social and emotional supports. b) Among teachers, there is uncertainty regarding their role in supporting students’ social and emotional developmental health, and how it ties into the school vision or the limited awareness of the vision hinders teachers from making meaningful connections to student support. c) Parents are able to express how the school provides levels of social and emotional developmental health supports to students, but there isn’t a clear understanding of how the support connects to the school’s vision.
<input type="checkbox"/>	Ineffective	a) Students express that they do not feel safe and supported in their school community. b) Teachers are unable to articulate the school’s vision connected to social and emotional developmental health and/or do not express their role in supporting students. c) Parents are unable to express the school vision connected to social and emotional developmental health and/or express that they do not feel their children are supported.
