January 4, 2022

Dear Westbury School District Families and School Community,

The Westbury School District received at-home COVID19 testing kits from Nassau County BOCES. At this time, our District received an allotment of testing kits for scholars based on our current enrollment. Therefore, we can only issue one (1) kit per scholar. Each kit contains two (2) tests. In order to receive one (1) kit per scholar, families must make a request by filling out the attached Google form https://docs.google.com/forms/d/e/1FAIpQLSdNRCKZ4UIMyWpFZYomavOkH_dt1DWqfsWpY6ZKEuTnqC7vjQ/viewform. You must fill out this form before picking up the test kit. If you have multiple children who attend the Westbury Union Free School District, please fill out one form per child.

Tomorrow, Wednesday, January 5, we will begin our distribution of at-home testing kits to families who have requested one (1) kit per scholar. According to the alphabetical listing below, tests will be available for pickup from your child’s school in alphabetical order. Please follow the directions once entering the driveway/parking lot. You must present identification when picking up the test kit.

Last Names A to F ONLY on Wednesday, January 5, 2022, from 7:30 a.m. - 10:30 a.m.
Last Names G to L ONLY on Wednesday, January 5, 2022, from 11:30 a.m. - 2:30 p.m.
Last Names M to R ONLY on Thursday, January 6, 2022, from 7:30 a.m. - 10:30 a.m.
Last Names S to Z ONLY on Friday, January 7, 2022, from 7:30 a.m. - 10:30 a.m.

Each school site will have one evening opportunity for test kit pickup on Thursday, January 6, from 5:00 p.m. - 7:30 p.m.

The kits are meant to be used when your child displays any of the COVID19 symptoms. If the result is positive, please let your child’s Principal know the result as soon as possible. The following must be provided to the Principal:
• Name/Grade of child and the date the test was taken
• Submission of a photo of the positive result

You must also report the positive result to the Nassau County Department of Health (NCDoH) at https://app.nassaucountyny.gov/doh/IandQOrderRequest/
You may also wish to contact your child’s health care provider to inform him/her of the positive result. Since there are two (2) tests per kit, please keep one for future use. According to Nassau County BOCES, the test kits expire on January 31, 2022.

Thank you for your trust and continued support of the Westbury School District. We continue to ask for your grace, patience and flexibility as we navigate through this time of uncertainty together. Please stay safe.

Sincerely,

Dr. Tahira A. DuPree Chase
Superintendent of Schools
