AUTOMATED ALERT SYSTEM

Blackboard Connect is a town-wide, automated, emergency call system used to alert families to a variety of **EMERGENCY** and **COMMUNITY OUTREACH** (non-emergency) notifications. The telephone numbers provided in the Emergency contact form will be placed in **Blackboard Connect**, unless you notify us otherwise.

An **EMERGENCY** might be an early release from school for bad weather, school cancellations, or a town wide emergency such as natural disaster information. This call would go to <u>ALL</u> telephone numbers you provide.

A non-emergency **COMMUNITY OUTREACH** might be a reminder of important school happenings, town meetings, etc. This type of call will go to <u>only one</u> telephone number that you designate as your main contact number.

REVISED WESTBURY ACCEPTABLE USE POLICY & INTERNET AGREEMENT

Adopted June 29, 2012

1. Introduction

Internet access is available to all students and teachers in the Westbury School District. We are very pleased to bring you this service and believe that the Internet offers vast, diverse, and unique resources for both students and teachers. Our goal in providing this service is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. The key concept underlying the Internet is interconnectivity; something that will allow administrators, teachers, and more importantly students to access an unparalleled array of communication and information resources. Students and teachers have access to general Internet tools including, but not limited to: electronic mail (e-mail); Listservs; UseNet News; File Transfer Protocol (FTP); Telnet; various search engines such as Yahoo, and Google; and the World Wide Web. These electronic search tools enable students and teachers to:

- Communicate with people all over the world
- Access information and news from various governmental agencies and research institutions
- Join discussion groups on a plethora of topics
- Access University Library Catalogs, the Library of Congress, etc.

With access to people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting.

On a global network it is impossible to control all materials and an industrious user may discover controversial information. We strongly believe, however, that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the district.

2. It is the adopted policy of the Westbury School District to:

- Prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications:
- Prevent unauthorized access and other unlawful online activity;
- Prevent unauthorized online disclosure, use, or dissemination of personal identification
- Provide age-appropriate training for ALL students who use the Westbury School District Internet facilities. The training provided is designed to promote the Westbury School District's commitment to:

- The standards and acceptable use of Internet services as set forth in this Westbury School District Policy;
- Student safety with regard to:
 - Safety on the Internet;
 - Appropriate behavior while on online, on social networking Web sites, and in chat rooms; and
 - Cyberbullying awareness and response.
 - Compliance with the E-rate requirements of the Children's Internet Protection Act ("CIPA").

Following receipt of this training, the student will acknowledge that he/she received the training, understood it, and will follow the provisions of the District's acceptable use policies.

- Comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254 (h)
- 3. **Definitions:** Key terms are as defined in the <u>Children's Internet Protection Act.</u>
 - a. Access to Inappropriate Material: To the extent practicable, technology protection measures are in place to block Internet, or other forms of electronic communications, access to inappropriate information.
 - Specifically, as required by the <u>Children's Internet Protection Act</u>, blocking shall be applied to visual depictions of material deemed obscene and/or child pornography, or to any material deemed harmful to minors.
 - Subject to staff supervision, technology protection measures shall be disabled upon a request to do so by an adult patron or, in the case of minors, minimized for bona fide research and/or other lawful purposes.
 - b. Inappropriate Network Usage: To the extent practicable, steps have been taken to promote the safety and security of users of the Westbury School district online network. All nondistrict electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications are blocked and not accessible within the district.
 - Children do **NOT** have email accounts on the district's email system. Specifically, as required by the <u>Children's Internet Protection Act</u>, prevention of inappropriate network usage includes, but is not limited to: (a) unauthorized access, including so-called 'hacking' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
 - **c. Supervision and Monitoring:** It shall be the responsibility of ALL members of the **Westbury School District** staff to supervise and/or monitor usage of the online computer network and access to the Internet in accordance with this policy and the <u>Children's Internet Protection Act</u>.
 - **d. Adoption:** Adopting procedures for the disabling and/or modifying of any technology protection measures shall be the sole responsibility of the <u>Westbury School District Board of Trustees</u> and/or their designated representatives.

4. **Guidelines:** Internet access is coordinated through a complex association of governmental agencies and regional state networks. In addition, the smooth operation of the network relies upon the proper conduct of end users who must adhere to the following guidelines listed under Internet terms and conditions. These guidelines are provided here so that you are aware of the responsibility you are about to acquire. In general, this requires efficient, ethical and legal utilization of the network resources. If a Westbury School District user violates any of these provisions his or her account will be terminated and future access can be denied. The signature at the end of this document is legally binding and indicates the party who signed it has read the terms and conditions carefully and understands the significance.

The Westbury School District requires all parents/Person in Parental Relations, teachers, and students to execute the following release-user agreement based on the guidelines listed under the following Internet terms and conditions.

Internet - Terms and Conditions:

1. Acceptable Use –

The purpose of the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. The use of your account must be in support of education and research and consistent with the educational objectives of the Westbury School District. Use of another organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of United States or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, expressions of bigotry, racism, or hate, or material produced by trade secret. Use of commercial activities is generally not acceptable. Use of product advertisement or political lobbying is also prohibited.

2. Privileges –

The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each student who receives an account will be responsible for that account and its usage. Therefore, under no circumstances should your account be shared with anyone other than the Technology Department staff. Each student will also be required to attend an orientation session with a Westbury faculty member pertaining to the proper use of the Internet. The Building Administrator will deem what is inappropriate use and their decision is final. This may result in a revocation or suspension of specific user accounts.

1. Network Etiquette –

You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:

- Be polite. Do not get abusive in your messages to others.
- Use appropriate language. Do not swear, use vulgarities or any other inappropriate language. Illegal activities are strictly forbidden.
- Do not reveal your personal address or telephone number.
- Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be

- reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users. All communication and information accessible via the network should be assumed to be property of the Westbury School District.

2. Security -

Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a Westbury administrator or the Technology Department. Do not demonstrate the problem to other users. Attempts to log onto the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems, may be denied access to the Internet.

3. Vandalism -

Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to the Internet. This includes, but is not limited to, the uploading or creation of computer viruses.

I understand and will abide by the above *Internet Use Agreement*. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit a violation, my access privileges may be revoked, school disciplinary actions may be taken, and/or appropriate legal action.

NYS Dental Health Certificate (Form D-2)

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section 1 ~ To be completed by Parent or Guardian (Please Print)									
Last Child's Name:			First	Middle					
Birth Date/	Sex:	Male \square	Female	Will this be vour child's first visit to a	dentist? ☐ Yes ☐ ☐No				
School Name:					Grade:				
Have you noticed any problem in the mouth that	t interferes w	vith your cl	child's ability	to chew, speak or focus on school activ	vities? ☐ Yes ☐ No				
I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.									
I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.									
Parent's Signature				Date					
	Section 2	2 ~ To b	e compl	eted by the Dentist					
I. The Dental Health condition of on (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:									
☐ Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.									
\square No, The student listed above is not in	fit condition	of denta	al health to	permit his/her attendance at the pu	ıblic schools.				
NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.
